

# 3D Glacier

Honed

Glacier is a consistent white limestone with subtle natural fossils and grain. A smooth Honed finish is applied and the stone is crafted into three different thicknesses to create an innovative pattern.

Applications	
Interior Wall	<b>Yes</b>
Interior Floor	<b>No</b>
Exterior Wall	<b>Yes</b>
Exterior Paver	<b>No</b>
Foot Traffic	<b>No</b>
Freeze/Thaw Wall	<b>Wall Only</b>
Freeze/Thaw Paver	<b>No</b>
Wet Environment	<b>Yes – sealer required</b>

Attributes	
Stone Type	<b>Limestone</b>
Estimated LRV	<b>74.60%</b>
Stocked Dimensions	<b>6" x 24" ; 1.2cm, 2cm, 2.5cm thicknesses</b>
Variation	
Recommended Setting Material	<b>Laticrete Lightweight White</b>
Recommended Sealer	<b>Dry Treat Stain Proof</b>
Install Instructions	<b>Please refer to TCNA Handbook or MIA Dimensional Stone Design Manual</b>

Considerations
Light colored stones require grout release sealer to prevent grout staining.
